GENERATING AND ENSURING FAULT-FREE SUPPLY

**MEGGER IS HAPPY TO HELP YOU!**

**ONE STOP SHOP**

- PV module tables, DC string cables, DC cables**
- AC cables**
- Other assets**

**COMMISSIONING TESTING, DIAGNOSTICS AND FAULT LOCATION**

- MTR165** Multifunction and rotating machine tester
- TP420** Voltage tester CAT IV / 1000V 1500V DC
- PVM210** Insulation meter for solar panels
- MIT250** Insulation tester for up to 2500V DC
- DCM1500S** Solar clamp-on meter for up to 2000V string voltage
- NEW! SOLAR TEST KIT**
- EZ-TURBO SERIES** Battery-powered ultrasonic fault location with 2.4V or 12V DC
- STX40** Portable fault location with 7 different technologies
- ICM Family** Devices for partial discharge measurement on operating medium voltage and cable
- TRAX** Insulation resistance and capacitance testing
- TRAX** Insulation resistance and capacitance testing

**MULTIFUNCTIONAL DEVICES**

- MS221** Thermal camera for identifying hot spots
- MS225** 320 resolution resolution camera up to 3270
- MS228** 320 resolution resolution camera up to 3270
- MS229** 320 resolution resolution camera up to 3270
- MS230** 320 resolution resolution camera up to 3270
- MS231** 320 resolution resolution camera up to 3270
- MS232** 320 resolution resolution camera up to 3270
